A WILDER WEST

The seat of power has shifted, with "violent delights" now emanating from humanoid hands bent on a robotic revolution. Saddle up alongside Dolores Abernathy *(Evan Rachel Wood)*, Maeve Millay *(Thandie Newton)* and Teddy Flood *(James Marsden)*, just three of the many hosts staking their claim in the new season of **Westworld**.

Premiering Sunday, April 22, on HBO.

Strange new frontiers

Sentient hosts stake their claim over 'Westworld'

By K.A. Taylor
TV Media

The concept of androids has permeated social consciousness since the 1800s, but it wasn't until 1984's sci-fi hit "The Terminator" graced the screen that people genuinely feared the prospect of "the singularity," and a world where humans would become ruled by machines.

While most films and novels have suggested that the robot rebellion will be brought in with a bang, "Westworld" proved that a whimper was equally, if not more, effective. This soft realization leads to some formidable action, however, with the hosts ready to venture out and discover the many layers of the park when season 2 begins Sunday, April 22, on HBO.

The premise of "Westworld" is somewhat familiar, due to the popularity of the android sentience trope in science fiction. The series origins stem from the 1973 Michael Crichton film of the same name, upon which it is loosely based.

Season 1 introduced viewers to Westworld, a theme park in the not-too-distant future that allows society's wealthiest to indulge in the ultimate immersive experience. Though other locations are alluded to, the bulk of the show's first season takes place in Sweetwater, a frontier town complete with saloons, gunslingers and an eerily recognizable piano score. Given the choice of black or white hat, humans can either experience a kinder, gentler version of the Wild West, or delve deeper into a gritty world of vengeance and violence, allowing themselves to express all manner of taboo, morally questionable acts.

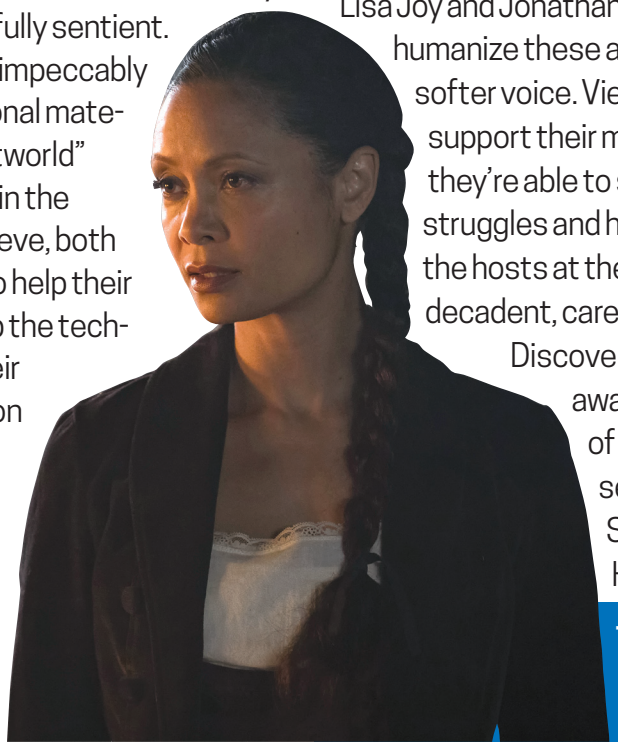
This experience is only a success due to the plethora of android hosts that populate the parks. The freshman season introduced us to the saloon's madam, Maeve Millay (Thandie Newton, "ER"), whose recurring dreams about a daughter from a past storyline (pre-madam) gradually led to her becoming self-aware. Teddy Flood (James Marsden, "X-Men," 2000) isn't quite that cognizant, with the heroic gunslinger propelled more by love than self-realization to assist another host on her quest. That host is the enigmatic Dolores Abernathy (Evan Rachel Wood, "True Blood"). No host still operating has endured the life Dolores has, seen what she's seen, or would be a more likely candidate for becoming fully sentient.

In fact, the rebellion so impeccably orchestrated in promotional material for season 2 of "Westworld" seems largely to fall within the hands of Dolores and Maeve, both of whom are now ready to help their kind rise above and usurp the technological throne from their creators. Although season 1 gave us the first step in this direction, season 2 promises even bolder and more confident hosts, no longer willing to play nice and be trampled upon by the guiltless whims of humanity. Each of the main androids is forging his or her own path along the outskirts of the frontier, venturing into the park's other "worlds" in search of greater freedom and a deeper truth.

As season 1 established, leaving the park entirely won't be easy. It will, in fact, require the help of humans. Dolores and the hosts must therefore decide: stake their claim over the park itself, or find a way to move beyond its borders, to map out a life for all of their kind in a brave new world.

Although "Westworld" isn't the first big series about androids to captivate audiences around the globe, no other series has managed — so far — to explore the prospect of the singularity in such a thoughtful and layered way. In drawing out the self-awareness of Dolores and her fellow hosts, series creators Lisa Joy and Jonathan Nolan were able to humanize these androids, giving them a softer voice. Viewers understand and support their motivations, because they're able to see themselves in the struggles and hardships endured by the hosts at the hands of their own decadent, careless species.

Discover the new worlds that await the beloved hosts of "Westworld" when season 2 premieres Sunday, April 22, on HBO.



Thandie Newton as seen in "Westworld"

By Andrew Sawyer
TV Media

For the week of April 16 - 20

The Bold and the Beautiful

Liam remains heartbroken while Steffy reminds him just how much she loves and supports him. Ridge and Brooke wonder as to the reasons why Bill cleared Ridge's name. Bill struggles with conflicting feelings when Steffy arrives and asks him for a favor. Hope is upset when Liam asks her to leave so that he can sort out his feelings. Bill makes a promise that he's not sure he'll be able to keep. Liam is grateful to Steffy for having unwavering faith in him. Maya becomes a confidant for Hope while discussing the upcoming 'Hope for the Future' line. Liam thinks about his relationship with his father when Bill admits his part in their rift. Hope encourages Liam to set himself free from both Steffy and Bill. Katie fills Brooke in on the latest development in her on-again, off-again relationship with Wyatt.

Days of Our Lives

Chad and Rafe work together to prove that Gabi is innocent. Abigail is trapped in her subconscious, but she gets closer to the truth. John thinks that Gabby is Abigail and he questions her as to Marlena's whereabouts.

Mishael Morgan stars in "The Young and the Restless"

Marlena tells Stefan that he's making a mistake. Ciara, Claire, Eve and Brady wait for the reveal of the winner of the Bella contest. Vivian thinks someone is on to her. Chloe has a confrontation with Kate. Paul tells Will about his suspicions regarding Leo. Brady pleads his case to Eve. Chloe makes a decision about the job offer in Mexico. Paul has questions for Leo about his ties to Vivian. Ciara sees someone from her past. Gabby and Stefan plan to leave Salem. Hope works with Rafe to help Gabi. Lani tells JJ about her medical situation. Kate is shocked when she discovers the mystery woman is Abigail. Chad gets the shock of his life.

General Hospital

Someone confronts Carly. Nelle decides to mess with Ava's head. Jason proceeds in a cautious manner. Dante shows his support. Lulu comes up with an idea for a story. Spinelli finds himself in a little bit of a bind. Anna pushes on after striking out. Maxie ambushes Nina. Elizabeth offers someone helpful words of encouragement. Sonny is caught off-guard by Chase. Kim tells Julian that he should support his family. Griffin does not succeed in what he set out to do. Griffin provides comfort to Ava. Carly finds herself at the end of her rope. Sonny gets a welcome phone call.

The Young and the Restless

J.T. tells Cane about the breakup. Cane lends a sympathetic ear and encourages J.T. not to give up on Victoria. J.T. is appreciative of Cane's friendship and he tells cane not to believe everything he hears about him. Victor struggles to communicate with Nick that J.T. attacked him when Nick visits his father in the hospital. Devon is upset with Hilary for telling Simone about their night together. Hilary tries to win Devon over, but he keeps his distance. Devon tells Tessa and Hilary that they should have a working dinner to discuss their ideas. Hilary is angry when Devon arrives at the GCAC with Simone. Hilary interrupts their date and wonders out loud as to whether she's pregnant or not. Lauren tells Kyle that his plans to take Jabot public will be halted when Jack is released from jail. Phyllis is torn between her loyalties when Lauren asks for her support in voting to take Jabot public. At Newman, Victoria and Ashley engage in a struggle for power. They are stunned when Nikki arrives and tells them that Victor has appointed her CEO is his absence.

BEST BETS

Sunday

Westworld
HBO 6 p.m.

The dark odyssey continues in the season premiere of this series based on the 1973 film of the same name. The futuristic drama is set in a technologically advanced world where android hosts welcome visitors to a Wild West-themed amusement park.

Monday

The Terror
AMC 6 p.m.

As their supplies begin to run out, the officers consider embarking on an 800-mile walkout in this new episode. All the while, they plan a party in the hopes of raising the men's worsening spirits. Jared Harris and Ciarán Hinds co-star in this drama.

Tuesday

Shadowhunters
FREE 8 p.m.

A recent demon attack prompts Clary (Katherine McNamara) to team up with Magnus (Harry Shum Jr.) in this new episode. While they investigate, Simon (Alberto Rosende) gets a visit from someone he never thought he'd see again.

Wednesday

Riverdale
CW 7 p.m.

A devastating secret leads to a violent confrontation between Chic (Hart Denton), Jughead (Cole Sprouse), Betty (Lili Reinhart) and Alice (Madchen Amick) in this new episode. Elsewhere, someone from Veronica's (Camila Mendes) past seeks revenge.

Thursday

Chicago Fire
KHNL 9 p.m.

Chief Boden (Eamonn Walker) and Lt. Severide (Taylor Kinney) rescue a girl from a car accident in this new episode. After Cruz (Jeff Lima) has an encounter with his now-married ex, Brett (Kara Killmer) struggles to keep quiet about the incident.

Friday

Blue Bloods
KGMB 9 p.m.

Iraq War veteran-turned-cop Danny Reagan (Donnie Wahlberg) sometimes uses questionable tactics in pursuit of justice in this drama. He's part of a family of police officers and lawyers who uphold the law in the Big Apple.

Saturday

Ransom
KGMB 7 p.m.

Luke Roberts stars as hostage negotiator Eric Beaumont, who races to solve cases around the world in this thrilling drama. Beaumont refuses to resort to violence, even when confronted with the world's most dangerous criminals.

Monday

KGMB 9 p.m.

The Late Late Show Carpool Karaoke Primetime Special

James Corden shares his favorite moments from the viral hit karaoke segments in "The Late Late Show Carpool Karaoke Primetime Special," premiering Monday, April 23, on CBS. The show also includes Crosswalk the Musical segments, in which he and his celebrity guests star in flash mob-style performances.

'The Handmaid's Tale' returns darker than before

WHAT'S NEW:

Elisabeth Moss stars in "The Handmaid's Tale"

If you like dystopian fiction and appreciate a plot rife with suspense, espionage and seduction, you're likely part of the mob that's fiercely addicted to the TV adaptation of **"The Handmaid's Tale,"** with season 2 premiering Wednesday, April 25, on **Hulu**. The series is a proven powerhouse packed with award-worthy performances by Elisabeth Moss ("Mad Men"), Joseph Fiennes ("Shakespeare in Love," 1998), Yvonne Strahovski ("I, Frankenstein," 2014) and Alexis Bledel ("Gilmore Girls"). It follows the trials and tribulations of June Osborne (Moss), who is captured by the oppressive state of Gilead when she, her husband and their young daughter try to escape to Canada. Due to her fertility, she is made a Handmaid to Commander Fred Waterford (Fiennes) and his wife, Serena Joy (Strahovski). June is renamed "Offred," and she is forced to bear children to the infertile couple. As the series progresses, the brutality of the state of Gilead becomes increasingly appalling and only serves to feed the rebellious nature of the Handmaids and those who seek to overthrow the state. Not much is known yet about season 2, only that it will be much darker than the first, and Moss assures us that we won't see what's coming. The resistance against oppression intensifies with the season 2 premiere of "The Handmaid's Tale" on Wednesday, April 25, on Hulu.

BINGE THIS:

The Terminator is back and the present and future hang in the balance with seasons 1 and 2 of **"Terminator: The Sarah Connor Chronicles,"** streaming now on **Crackle.** The series takes place in the year 1995, following the events of "Terminator 2: Judgment Day." Starring Lena Headey ("Game of Thrones") and Thomas Dekker ("Kaboom," 2010) as Sarah Connor and her son John, the two are on the run with a reprogrammed terminator named Cameron, played by Summer Glau ("Firefly"). They are pursued by another terminator sent back through time to assassinate John, as well as by FBI agents for the murder of Miles Dyson (Phil Morris, "Seinfeld"), the original inventor of the neural-net processor that eventually led to the development of Skynet. The show follows the trio through leaps through time as they attempt to survive long enough to bring down Skynet, encountering numerous enemies and allies along the way. Come with them if you want to live through the technological war with seasons 1 and 2 of "Terminator: The Sarah Connor Chronicles," streaming now on Crackle.

Secrets revealed

'Food: Fact or Fiction?' hunts for culinary truths

By Andrew Warren
TV Media

Who knew that the foods that we eat could hold so many secrets? For two seasons now, "Food: Fact or Fiction?" has peeled back the curtain and examined many of the myths, mysteries and idioms that surround our foods, and with the third season in full swing, the Cooking Channel series isn't showing any signs of running out of tasty facts to uncover.

Hosted by actor Michael McKean ("Better Call Saul"), the series is a charming and entertaining romp through the culinary world. In this week's new episode, airing Sunday, April 22, the host is serving up history for some deep-fried favorites. First, he checks out tasty tempura and explores why it's tied to the Easter holiday in some cultures. Later, he grabs a fried egg sandwich and learns just how the dish spawned a revolution in breakfast. Plus, he tries to figure out what exactly hushpuppies are so hush-hush about anyway.

Earlier this season, the host brought in actor Joe Mantegna ("Criminal Minds") to take apart the culinary traditions that are part of any authentic Italian wedding, found out what makes humble pie so modest, and tracked down where the expression "bun in the oven" first came from. Plus, he finally decided to answer the age-old question of just why so many things taste like chicken and found out that there's a very good scientific reason behind that fascinating food fact.

In next week's new episode, airing Sunday, April 29, viewers might need a map as McKean goes cross-country to check out the stories behind some iconic regional dishes. In Boston, he'll expose the half-baked lie behind the Boston cream pie. Then, he's off to Cincinnati for the best Greek chili, and finally ends the trip in Philadelphia, where the city's signature cheesesteak faces a cheesy challenge.

Does an apple a day really keep the doctor away? Did spicy Pad Thai save an entire nation? Can the shape of a piece of chocolate transform its taste? Whether it's a fact or a fib, McKean hunts the truth in "Food: Fact or Fiction?," airing Sundays on Cooking Channel.

Michael McKean hosts "Food: Fact or Fiction?"

By Adam Thomlison
TV Media

Q: Who is the voice of Gossip Girl in the show?

A: As a primer for the unfamiliar, the premise of the smash-hit teen series "Gossip Girl," which ran from 2007 to 2012 on CW, was based around posts by a fictional blogger named Gossip Girl. Her posts ostensibly revealed the secrets of a generation of rich New York teens — secrets that formed the actual plot of the series, since those teens made up the show's main cast. Gossip Girl herself was a voice only.

It was, however, a famous voice — Kristen Bell's. Bell's own CW show, "Veronica Mars," ended the year "Gossip Girl" debuted, so she was already a well-known actress, particularly among the network's audience. Despite that, it's not surprising that you didn't know it was her, since she was never credited in the role.

Perhaps the network was banking on word-of-mouth to reveal it and generate a bit of extra buzz for the show, or perhaps it assumed everyone would recognize her voice. Indeed, she's since become known for it, as the biggest role of her career — by a longshot — was also a voice-only gig: Anna in Disney's mega-super-hit 2013 cartoon "Frozen."

Q: Are they making any more "Paranormal Activity" movies?

A: Sadly for fans, the answer is currently no.

When you say "they" here, you're really referring to director-writer-producer Oren Peli, who created the hugely popular horror-film series back in 2007 and had a hand in all six installments.

I say "currently" because there's always a possibility of more on the horizon — the series is designed in such a way that (spoiler alert, of sorts) even if all of the characters die at the end of a film, a sequel is still possible.

However, we are now in the midst of the longest "Paranormal Activity" drought since Peli started making sequels — we haven't had a new one since 2015's "Paranormal Activity: Ghost Dimension" — which suggests he might finally have squeezed the premise dry.
