Sins of the father

New Fox drama is police procedural and family drama combined

By Breanna Henry

TV Media

As most viewers are probably aware, the Parable of the Prodigal Son comes from the Bible. It's a culturally transcendent tale about a wayward child who returns home after many years to a shockingly welcome reunion. The story has been rewrote, reimagined and retold many times in books, movies and television, but never quite like this.

The new Fox series "Prodigal Son" premieres Monday, Sept. 23, and in this case, "prodigal" doesn't imply that the son was reckless, wasteful and extravagant, like he was in the source material. This time it just means that he's not a serial killer.

British actor Tom Payne ("The Walking Dead") plays Malcolm Bright, a criminal profiler whose life and career choices have been heavily influenced by the traumatic events of his childhood. A-list Welsh actor Michael Sheen ("Good Omens") plays Martin, Malcolm's father and the cause of all that trauma — he just happens to be an infamous serial killer.

If you're not sure how a biblical tale of unconditional love and acceptance can be used as a jumping-off point for a series about a possibly unstable profiler with a criminally insane father, you'll need to tune in to find out.

I can admit to prejudging this series when I first heard about it. I can't be the only person who hears the words "serial killer" and "TV drama" and immediately thinks of the long-running, Golden Globe-winning series "Dexter," despite that show having ended more than six years ago. "Prodigal Son" however, does not try to be "Dexter." It's an original story that has intrigued me more and more as I've learned more about it.

Sheen's Martin is a seemingly deranged serial killer known as "The Surgeon," who was locked up when Malcolm was just a boy. As a direct result of his strange and horrifying childhood, Malcolm takes an interest in law enforcement as an adult, particularly criminal psychology. He becomes a very successful profiler, thanks to his ability to "think like a killer." Unfortunately for Malcolm, his talent is eclipsed by the

fear that the apple may not have fallen far from the tree, and the FBI lets him go. Instead, he's picked out by an NYPD agent named Gil, who is played by screen veteran Lou Diamond Phillips ("Longmire"). Unfortunately for Malcolm's sanity, Gil seems to have chosen him because of his unsavory connections, not despite them.

A copycat serial killer has emerged, and the perpetrator is copying "The Surgeon." Malcolm is forced to meet with his father, which brings memories of his traumatic childhood flooding back. He's worked his whole life to ensure that people like his father are caught and incarcerated, so why the title "Prodigal Son?"

Well, Martin seems to think that he and his son are exactly the same, and that once Malcolm accepts his true nature, the father and son can build a wonderful relationship like the one they had when Malcolm was a child, before Martin was locked up for being a homicidal maniac. It is the relationship between father and son that really drives this series. Though Malcolm is loathe to admit it, he and Martin really connect. There is still a bond between the two that cannot be denied.

While the circumstances are extreme, "Prodigal Son" combines its serial killer-centric storyline with elements of a family drama. Rounding out this beyond-dysfunctional family is Halston Sage ("The Orville") as Payne's spoiled sister and Bellamy Young ("Scandal") as Payne's mother — Fox has put together a team of actors who have earned their stripes on the small screen, proven dramatic stars that keep the show compelling. This series has a real shot at becoming television gold, and I am hoping that it lives up to its potential.

Netflix comedy dives into the sinister world of high school politics

WHAT'S NEW ON NETFLIX:

"The Politician"

On Friday, Sept. 27, writer, producer and director Ryan Murphy ("American Horror Story") presents his new high school series, "The Politician." Ben Platt ("Pitch Perfect 2," 2015) stars as Payton Hobart, a wealthy student

Ben Platt and Gwyneth Paltrow in a scene from "The Politician"

from California who has had his heart set on being the president of the United States since he was 7 years old. Now, in order to reach that goal, he has to make it past one of the most difficult political hurdles: high school. Also starring Gwyneth Paltrow ("Avengers: Endgame," 2019), "The Politician" is an insightful and satirical look into the ruthless world of politics.

"Explained" Season 2

Season 2 of this documentary series premieres Thursday, Sept. 26. Each episode is a short documentary meant to explore the big questions surrounding almost any topic, big or small. Season 1 featured an impressive cast of narrators and a wide range of topics, from pop star Carly Rae Jepsen narrating "Music" and Kevin Smith ("Clerks II," 2006) narrating "Weed," to Rachael McAdams ("Game Night," 2018) narrating "Why Women Are Paid Less" and Christian Slater ("Mr. Robot") narrating

"Cryptocurrency." Delve into more fascinating subjects when Season 2 premieres this week.

WHAT'S NEW ON AMAZON PRIME:

"Transparent"

On Friday, Sept. 27, this comedic and poignant series comes to a dramatic close with "The Transparent Musical Finale." Showrunner Jill Soloway has confirmed that the two-hour series finale will feature the death of the main character, Maura (Jeffrey Tambor, "Arrested Development"), and will allow family members Shelly (Judith Light, "Ugly Betty"), Sarah (Amy Landecker, "Room 104"), Josh (Jay Duplass, "The Mindy Project") and Ali (Gaby Hoffmann, "Girls") to grieve and cope. Don't miss this spectacular finale when it premieres on Amazon Prime.

Q: Is “Good Witch” off for good or just for a break like it has been doing? Why do they keep taking it off, and if it is coming back, when?

A: I have good news for you, but somehow I don’t think it will be enough: “Good Witch” is confirmed to continue on as it has been for at least another season of witchcrafty romance.

In fact, the show’s schedule has been remarkably consistent, especially for a cable series with a bit of a formatting twist.

Each of the past four seasons has premiered in spring and ended in summer — only the first season deviated from this, debuting in February instead. And all of those seasons

have also featured a special late October TV movie (that’s the twist — most shows don’t offer a mid-break movie to tide fans over).

Hallmark didn’t announce a premiere date when it announced the sixth-season renewal, but there’s no reason to think it won’t be happening in the spring, like the others.

If it feels like the show keeps disappearing on you (magically or otherwise), it might be because the seasons are short, as is often the case with cable series. Each season has had just 10 episodes, whereas the rule for network shows is generally 22.
